

Adopt a Family

Tidings of Technology

“A computer will provide endless resources to all of our kids.”

**— Jesus & Jenny,
Concord residents**

Give a different kind of gift this holiday season.

Donate \$200 and you will give a family in need the gift of a computer-- a gift that keeps giving. Whether it's utilizing the internet for job search, studying for a school project or communicating with distant family members, a computer in the home can bring endless opportunities. Please write **“Adopt a Family”** on the memo line of your check or on the donation envelope.

Want to be even more involved? Come see the family you sponsor receive their computer on December 21.
